

November 1, 2022

Leaf Pickup:

Pickup has begun on a regular schedule of Mondays and Fridays. However, other days are added as necessary. Please rake leaves to the curb but not out into the street and make the piles as thin as possible so the vacuum can reach them. Bagged leaves can be taken to the mulch pile at the Utility Garages. Please dump the leaves and take the bag with you. The service will continue as long as necessary.

Snow:

With leaves comes the possibility of snow. Some reminders. Please do not shovel or blow snow into the streets as it makes for slick areas. Snow emergency routes for the Town are Third Street and Wayne Street. Those streets will be cleared first for emergency vehicles. The other emergency routes are State Highways and are not maintained by the Town. When possible, please move cars to the plowed side of the street after plows go through to help with clearing. The Town is divided into sections and once each section is cleared, plowing will start over within that section as necessary. Each employee is assigned a section and will work within that section until cleared. Snow piles which result after plowing heavy snow will be removed as soon as possible.

Invoice Cloud:

On line bill portal is now found on the Town's webpage at warrenindiana.us which will make access more quickly available. The service has worked well during the past month. If you have any questions, call the office at 375-2656. We encourage you to register whether you pay through the system so that you can receive any notifications through the system such as alerts, etc.

Holiday Schedule:

Office, Utilities closed

November 8, Election Day
